### 3/1/22 Draft Registration Review Coordination Meeting Draft Agenda

(2:00pm to 2:30pm) Neonics Comment discussion (Briana, Neonics Team).

*Background:* BEAD was asked to draft responses to the claims presented in the petition regarding the legal challenges to the Agency's policy to exempt treated seeds from typical regulatory processes. These claims were assigned to BEAD by OGC and PRD. The document is linked here.  [NeoNics Claims Presented in the Petition and Lead Division for Response BEAD.docx](#)

We would like to discuss our format, outline, depth of responses and timing to bring this to the BC's attention.

#### *BEAD Timing:*

Aim to have first draft of paragraphs done by March 4<sup>th</sup> (touch base March 2<sup>nd</sup> on status)

Followed by BC Review

Finalized by Mid-March

#### *Format:*

This will not be a formal memo or RTC; this will likely be just paragraphs to be 'dropped into' the response to the petition

If team members would like additional input from BCs, they should be encouraged to ask questions during reg review.

(2:30pm to 2:50pm) Rodenticide Discussion (Caleb, Rodenticide team).

*Background:* OPMP is attending a Vertebrate pest control conference in early March and has offered a couple of options for getting information if there are lingering questions.

Respectfully,  
Brett R. Gelso, Ph.D.
